

# Safety Data Sheet

Revision nr: 5

effective date: 03/01/2020

Product name: Viscotaq Outer wrap

| Section 1: Identification of the product  |  |               |
|---|--|---------------|
| 1.1 Product Identifier  | Viscotaq Outer wrap PVC  |               |
| 1.2 Relevant identified uses of the substance or mixture and uses advised against:  | <i>Waterproofing sealant, corrosion prevention</i>   |               |
| 1.3 Details of Supplier/Manufacturer  |  |               |
| Supplier/Manufacturer   | Amcorr Products and Services, Inc.   |               |
| Street address  | 5108 Rittiman road suite #100  |               |
| City  | San Antonio,   |               |
| State/Province  | TX   |               |
| Postal Code   | 78218  |               |
| Emergency Phone Nr.   | +1 210 313 2200  |               |
| Emergency Contact   | Edwin Welles   |               |
| Email   | ewelles@amcorrusa.com  |               |
| website   | www.amcorrusa.com  |               |
| Section 2: Hazards Identification   |  |               |
| 2.1 Classification of the substance/mixture   | This product is not classified according to CLP-Regulation (EC) No 1272/2008   |               |
| <u>Information concerning hazards</u><br><i>According to directive 67/548 EEC the product falls outside the scope of materials considered hazardous or dangerous. Therefore no labels are applicable</i>                    |  |               |
| 2.2 Label Elements  |  |               |
| According to EC No 1272/2008  | Not applicable   |               |
| Hazard pictograms   | Not applicable   |               |
| Signal Word   | Not applicable   |               |
| Hazard statements   | Not applicable   |               |
| 2.3 Other Hazards   | Product is not considered hazardous (see section 12)   |               |
| Section 3: Composition/information on Ingredients   |  |               |
| 3.1 Tape  | PVC top layer with pressure sensitive adhesive   |               |
| 3.2 Tape with a   |  |               |
| PVC top layer   | 15 mil   | Not hazardous |
| Pressure sensitive adhesive   | 5 mil  | Not hazardous |
| Section 4: First Aid Measures   |  |               |
| 4.1 Description of first aid Measures:  |  |               |
| <u>Skin Contact:</u><br><i>For molten material: leave material on skin (do not peel off) and flush or immerse with cold water (not icy). Seek immediate medical attention.</i>  |  |               |
| <u>Eye Contact:</u><br><i>If irritation or redness develops from exposure, flush eyes with clean water. Seek medical attention. For contact with hot material, gently open eye lids and flush with cold water (not icy)</i> |  |               |
| <u>Inhalation</u><br><i>In the highly unlikely event of inhalation, seek immediate attention. In case victim is not breathing, clear airways and start artificial respiration</i>   |  |               |
| <u>Swallowing</u><br><i>No harmful effects expected from ingestion. If any symptoms would occur, seek medical attention</i>   |  |               |
| <u>Hazard statements</u><br><i>Not applicable</i>   |  |               |
| 4.2 Most important symptoms and effects, acute and delayed:   | Not known to have any symptoms or effects  |               |
| 4.3 Indication of any immediate medical attention and special treatment   | In case of molten material, cool with cold water before removing product   |               |
| Section 5 Fire Fighting Measures  |  |               |
| 5.1 Extinguishing media   | Dry Foam, CO <sub>2</sub> , Water  |               |
| 5.2 Special Hazards arising from the mixture  | Carbon Monoxyde, Carbon Dioxyde (CO, CO <sub>2</sub> )   |               |
| 5.3 Advice for firefighters   | <i>Wear protective gear and breathing gear. In case of temperatures above 300 degrees Celsius, do not use water as extinguishing medium (Use dry foam instead).</i>  |               |
| Section 6: Accidental Release Measures  |  |               |
| 6.1 Personal precautions, protective equipment and emergency procedures   | Not required   |               |
| 6.2 Environmental precautions   | Prevent spilled material from entering sewers, waterway, ground water  |               |
| 6.3 Methods and material for containment and cleaning up  | <i>Notify appropriate federal, state or local agencies. Immediate cleanup of spill is recommended. Dike far ahead of the spill for later recovery/disposal. Absorb soil with inert media such as sand and place in suitable container for disposal</i> |               |

|   |                      |  |                           |
|---|----------------------|--|---------------------------|
| <b>6.4 Reference to other sections</b>  |                      | <i>Section 7: safe handling, Section 8: PPE, Section 13: disposal</i>      |                           |
| <b>Section 7: Handling and Storage</b>  |                      |  |                           |
| <b>7.1 Precautions for safe handling</b>  |                      | <i>Wear appropriate PPE, use good personal hygiene practices</i>           |                           |
| <b>7.2 Conditions for safe storage, including any incompatibilities</b>   |                      |  |                           |
| <i>Store material in a cool, dry area. Keep away from strong oxidizing agents (such as peroxides)</i>   |                      |  |                           |
| <b>7.3 Specific end use</b>   |                      | <i>No additional relevant information</i>                                  |                           |
| <b>Section 8: Exposure controls/Personal Protection</b>   |                      |  |                           |
| <b>8.1 Control Parameters</b>   |                      | <i>The product doesn't require any monitoring of some sort</i>             |                           |
| <b>8.2 Exposure Controls</b>  |                      | <i>Not applicable</i>  |                           |
| <b>8.3 PPE</b>  |                      |  |                           |
| <i>Wear regular protective gloves to prevent cutting from sharp edges. Eye protection: Not required. Respiratory protection: not required. General practices: Personal hygiene and standard PPE should be common practice (hard hat, safety boots, coverall)</i>  |                      |  |                           |
| <b>Section 9: Physical and Chemical Properties</b>  |                      |  |                           |
| <b>9.1 Information on basic physical and chemical properties</b>  |                      |  |                           |
| <b>Physical state</b>   | <i>Solid tape</i>    | <b>Appearance</b>  | <i>Black tape</i>         |
| <b>Odor</b>   | <i>No odor</i>       | <b>Specific Gravity</b>  | <i>1.0-1.45 kg/m3</i>     |
| <b>Vapor Density</b>  | <i>0 (air =1)</i>    | <b>Solubility</b>  | <i>Insoluble in water</i> |
| <b>Freezing point (°C)</b>  | <i>&lt;-35</i>       | <b>pH</b>  | <i>Not applicable</i>     |
| <b>Melting Point (°C)</b>   | <i>&gt;120-150</i>   | <b>Flash point (°C)</b>  | <i>&gt;204</i>            |
| <b>Flammability</b>   | <i>Not flammable</i> | <b>Auto Ignition temperature (°C)</b>                                      | <i>&gt;400</i>            |
| <b>Section 10: Stability and Reactivity</b>   |                      |  |                           |
| <b>10.1 Reactivity</b>  |                      | <i>Not reactive, inert</i>   |                           |
| <b>10.2 Chemical stability</b>  |                      | <i>Considered stable</i>   |                           |
| <b>10.3 Possibility of hazardous reactions</b>  |                      | <i>No dangerous reactions known</i>  |                           |
| <b>10.4 Conditions to avoid</b>   |                      | <i>No further information available</i>                                    |                           |
| <b>10.5 Incompatible materials</b>  |                      | <i>No further information available</i>                                    |                           |
| <b>10.6 Hazardous decomposition products</b>  |                      | <i>CO, CO2 when fire occurs</i>  |                           |
| <b>Section 11: Toxicological information</b>  |                      |  |                           |
| <b>11.1 Information on toxicological effects</b>  |                      | <i>Not reactive, inert</i>   |                           |
| <b>10.2 Chemical stability</b>  |                      | <i>Considered stable</i>   |                           |
| <b>10.3 Possibility of hazardous reactions</b>  |                      | <i>No dangerous reactions known</i>  |                           |
| <b>10.4 Conditions to avoid</b>   |                      | <i>No further information available</i>                                    |                           |
| <b>10.5 Incompatible materials</b>  |                      | <i>No further information available</i>                                    |                           |
| <b>Section 12: Ecological information</b>   |                      |  |                           |
| <b>12.1 Toxicity</b>  |                      | <i>Product is regarded as non-toxic</i>                                    |                           |
| <b>12.2 Aquatic Toxicity</b>  |                      | <i>Product is regarded as non-toxic</i>                                    |                           |
| <b>12.3 Persistence and degradability</b>   |                      | <i>Product is inert and non-degradable</i>                                 |                           |
| <b>12.4 Bio accumulative potential</b>  |                      | <i>No further information available</i>                                    |                           |
| <b>12.5 Results of PBT and vPvB assessment</b>  |                      | <i>Not applicable</i>  |                           |
| <b>12.6 Other adverse effects</b>   |                      | <i>No additional information</i>   |                           |
| <b>Section 13: Disposal Considerations</b>  |                      |  |                           |
| <b>13.1 Waste treatment considerations</b>  |                      | <i>Dispose safely in accordance with federal, state and local agencies</i> |                           |
| <b>Section 14: Transport Information</b>  |                      |  |                           |
| <b>14.1 UN Number</b>   |                      | <i>Not applicable</i>  |                           |
| <b>14.2 UN Proper Shipping Name</b>   |                      | <i>Not applicable</i>  |                           |
| <b>14.3 Transport Hazard Class</b>  |                      | <i>Not applicable</i>  |                           |
| <b>14.4 Packing Group</b>   |                      | <i>Not applicable</i>  |                           |
| <b>14.5 Environmental Hazards</b>   |                      | <i>No</i>  |                           |
| <b>14.6 Special precautions for user</b>  |                      | <i>Not applicable</i>  |                           |
| <b>14.7 Transport in bulk according to Annex II of Marpol73/78, IBC code</b>  |                      | <i>Not applicable</i>  |                           |
| <b>Section 15: Regulatory information</b>   |                      |  |                           |
| <b>15.1 Chemical assessment</b>   |                      | <i>Has not been performed</i>  |                           |
| <b>Section 16: Other information</b>  |                      |  |                           |
